<b>VINTAGE</b>	<b>2008</b>	<b>2009</b>	<b>2008</b>	<b>2008</b>	<b>2009</b>	<b>2009</b>	<p>Perry Creek Winery is tucked into the higher elevations of Northern California's Gold Country. Over a century ago miners trekked here to find the precious metal. Now wine lovers from around the globe travel to the town of Fair Play for a mouthful of pleasurable riches.</p> <p>Since first planting his 30 acre vineyard in 1999 and buying the winery seven years later owner Dieter Juergen and his team continually strive to produce the best fruit. They know meticulous detail spent with the grape allows for the best in complex, unique and highly satisfying wine production.</p> <p>Situated on the higher elevations of the Sierra Foothills appellation, the team headed by Garrett Buckland and Stefan Tscheppe, create varieties influenced by the Rhône Valley and spice edged Zinfandels. Summer day time heat followed by cool mountain breezes produces flavorful, terroir driven grapes producing award winning Petite Sirah, Syrah and Cabernet Sauvignon, Barbera and Viognier and Chardonnay to name a few. Perry Creek Winery is one of a few appellation wineries hailed with a 90 point and above rating from both Wine Spectator and Wine Enthusiast.</p> <p>Perry Creek wines, including their acclaimed reserve-wine series Altitude: 2401 can be found throughout the US, Canada and in parts of Europe and Asia. Searching them out is a guarantee for a bonanza of superior taste and craftsmanship.</p>

The signature award winning Zinfandel of the Foothills offering fruit, elegance and spice in perfection. Aging in some carefully selected French oak barrels, rounds up the elegant and animating mouthfeel.	ESTATE GROWN Our grapes benefit from the high elevation vineyards and the rich, well drained soils. Whole cluster fermentation extracts fine flavors and tannins. Aged in handselected American oak barrels.	VNYD BLEND Cabernet and the Foothills can be a great match. Our new vineyards yield some of the finest Cabernet grapes in the appellation. We use some of our best oak barrels to age it for at least 14 months to develop its rich complexity of flavors.
